SAYENKO KHARENKO
NEWLAW FIRM

We regularly work with clients on various infrastructure projects in the following areas:

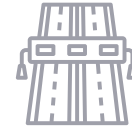

Ports

Airports

Postal Services

Roads

Bridges

Municipal Infrastructure

Railway

Hospitals

Range of Services and Representative Projects

Dispute Resolution

- Representing the **STATE OF UKRAINE**, alongside an international counsel, in an ICSID investment arbitration in the aviation sector initiated by a shareholder of PJSC "Aerosvit" under the ICSID Arbitration Rules with amount of claim around USD 700 million

PPPs and Concessions

- Representing **RISOIL** and **LURAQ (GIG)** in tenders for both pilot project on transferring into concession of the Olvia seaport and the Kherson seaport assets launched in October 2019. On 20 January 2020, the consortium was declared the winner of the Kherson seaport tender

SAYENKO KHARENKO
NEWLAW FIRM

Project Development

- Advising **EBRD** on the implementation of the project on developing regulatory framework for financing of public transport automated fare collection for the City of Vinnytsya
- Advising **EBRD** on EUR 35 million financing for the solid waste management project in Lviv in the context of National Solid Waste Management Strategy

Construction and Regulatory

- Advising **AUCHAN**, one of the largest retailers in the world, on a number of real estate issues
- Advising **HUHTAMAKI FOODSERVICE UKRAINE** on a planned industrial real estate transaction associated with the launch of production in Ukraine

Governmental Relations

- Advising one of the world's leading agro sector players, **SOUFFLET GROUP**, on potential investment in the infrastructure of the state-owned Illichivsk seaport and signing the memorandum of understanding with the port. The project provides for the construction of a grain transshipment terminal with annual processing capacity of 1-1.2 million tons
